SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Pelham, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 20th day of March 1943, at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see if the district will vote to discontinue the 10th grade in the Pelham High School, and if voted in the affirmative, to add \$1,400.00 to the school board's budget to cover high school tuition for the 10th grade pupils.
10. If article 9 is voted in the negative, to see if the district will vote to add \$1,115.00 to the school

board's budget to take care of anticipated increase in enrollment in Junior High.

11. If article 9 is voted in the affirmative, so see if the district will vote to transfer sixth grade pupils from Currier, Center and Gage Hill Schools to Junior High and the remaining pupils from Currier to the Center School, and add \$200.00 to the school board's budget to cover the expense of same.

Given under our hands at said Pelham this 17th day of February 1943.

REPORT OF SPECIAL COMMITTEE

Pelham, N. H.

A committee was appointed at the last school district meeting to recommend changes in the school system to the School Board. The committee was unanimous in suggesting the following changes which they consider are needed for the improvement of the school system.

1. The elimination of Grade X (second year high school) in Pelham—the town, of course, to pay the tuition of pupils in outside high schools. At least half of this year's tenth grade pupils are attending outside high schools at their parents' expense which shows that those parents consider the present system inadequate.

2. Transfer of sixth grade pupils from Gage Hill and Center Schools to Junior High. These schools have large enrollment and taking out one grade would improve the instruction in them.

3. The closing of Currier School for this year and transferring sixth grade pupils, if any, to Junior High, and the remaining pupils to the Center School.

Since the classes entering 7th grade at Junior High from the district schools are unusually large this year (35 are expected) the enrollment at Junior High with 10th grade would be too large for two teachers to take care of efficiently. Thus, an extra teacher would be needed at Junior High this year and possibly for the next two years as the grades coming up are large. The committee felt that by closing Currier School this year and transporting the pupils to the Junior High and Center Schools the salary of the Currier teacher could be paid for the extra Junior High teacher.

The basement room could be used by putting in seats and making some simple heating arrangement. That expense and the transportation, and a slight difference in teachers' salary would be the expense of

the change. The tuition at \$100 per pupil for tenth grade would be the largest item. Yet, if we keep tenth grade and have to employ another teacher (8 in all) the expense will be almost as great and no improvement will have been made.

Pupils leaving Pelham Junior High and entering Senior High in the cities would have varied courses to select from and would have three years instead of the two they now get.

The committee feels that, even though the changes recommended may mean an increase in the budget and a small increase in the town tax rate, this will be offset by the greater advantages given to Pelham's future citizens.

TERESA F. MULDOON,
LUCY L. KOEHLER,
ANNA M. HORSKIN,
CATHERINE F. DONOVAN,

N. B. Harry Atwood, Sr. was named on the committee but due to illness was unable to serve.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Pelham, New Hampshire

February 12, 1943

*To the School Board and Citizens of the Town of
Pelham:*

I herewith submit my second annual report as Superintendent of Schools:

During the summer there were four changes in the teaching staff. Gretchen O'Mara filled the vacancy at North Pelham caused by the resignation of Helen Zolkos, Madelyn O'Neil took the place of Phyllis Atwood at Currier Highland and Christina Korney replaced Mary Shaughnessey at Gage Hill.

At the end of the school year last June, 1942, Mr. Robert Googins, who had been headmaster of the Junior High School for the past ten years, resigned. It was with regret that we finally had to accept his decision. His service as headmaster and teacher had been long and faithful. He was an excellent teacher, a good administrator and a firm disciplinarian. The school, under his direction, attained high standards of work and conduct. The reports of the state inspector were always complimentary to him and to the school. We wish him success in his new position at Amherst, New Hampshire.

We were very fortunate in being able to persuade Henry Hastings, teacher and coach at Raymond High School to become our headmaster in September. The school is doing very well under his direction. We appreciate not only his classroom work but also his extra curricula activities.

At the request of the United States Government, the teachers and interested volunteers have rationed sugar, gas, fuel oil and canned fruits and vegetables. We expect more of this same work before the end of the present school year. The services both by the teachers and volunteers is greatly appreciated. We feel that the

advantage to the teacher in community contacts through this work more than offsets the loss of school time. The teachers and interested helpers are glad to do this extra work as a part of the war effort.

In spite of travel restrictions the Pelham P. T. A. has held regular meetings and is helping in the expense of the dental clinics, other health work and the noon lunch. These efforts are appreciated both by parents and children.

As Superintendent, I appreciate very much the fine work of the special committee appointed at the District meeting last year, to work on the re-organization of the Junior High School. I hope their recommendations will be accepted at the regular school meeting in March.

I would like to express my appreciation for the fine cooperation of the School Board, teachers, pupils and all others concerned who have helped to make a most successful school year.

Respectfully submitted,

GAIUS H. BARRETT,
Superintendent of Schools.

REPORT OF HEADMASTER

Pelham, New Hampshire

February 16, 1943

*To the Superintendent of Schools, the School Board
and the Citizens of Pelham:*

I herewith submit my first report as headmaster of the Pelham Junior-Senior High School.

In September, 1942, there were fifty-three pupils enrolled in the Junior-Senior High School. At the present time there are forty-nine pupils. Three dropped out to go to work and one moved to another locality.

With the added emphasis of every man, woman and child upon the war effort the importance of the schools becomes more and more evident. The task of the school now becomes two-fold. We must prepare the youth for immediate participation in the important work of defeating the Axis and also prepare them to make the difficult adjustments that will be necessary before they can take their rightful place in the post-war world.

Tests of men entering the army once again show the youth to be weak in the tool subjects of arithmetic and English. This year we gave tests to the pupils of the Junior and Senior High School and are pursuing a carefully worked out plan based on the results of these tests. A period a day is reserved for remedial work in reading, spelling, arithmetic, penmanship and place geography.

The Army and Navy also reports that the young men have many physical defects that should have been remedied earlier in life. We are carrying on an intensive program in physical fitness. A period a week is devoted to physical education and a carefully supervised program of games and contests is in progress during recess and at noon time. Cleanliness and good posture are emphasized throughout.

You may well be proud of the record made by the school children in the recent state-wide scrap drive contest. The High school received honorable mention

from the State Department of Education, having placed among the first ten schools of its size in the average amount of scrap collected per pupil.

Special emphasis is placed upon current happenings and their effect upon the future and its relationship to past events. Actual participation in democratic living is provided through student participation in the activities program. We have a well organized government modeled after the "Town Meeting" and the pupils are encouraged to contribute their bit toward the welfare of the whole school.

With the new seriousness of purpose now evident in the schools, it is more important than ever that the parents cooperate with us in maintaining the high standard of attendance for which you have all been so proud in the past.

On behalf of myself and the teachers I wish to take this opportunity to thank the Superintendent, School Officials, School Nurse and all those who have contributed to the success of the school.

Respectfully submitted,

HENRY J. HASTINGS,
Headmaster.

REPORT OF THE SCHOOL NURSE

Pelham, New Hampshire

February 10, 1943

*To the Superintendent of Schools, the School Board
and the Citizens of Pelham:*

I present my report as school nurse from February 1, 1942 to February 1, 1943.

Number of pupils examined (3 examinations) ..	518
Number of pupils having defective vision	15
Number of pupils having defective tonsils	45
Number of pupils having chicken pox	6
Number of pupils having mumps	14
Number of pupils having measles	3
Number of pupils having impetigo	1
Number of pupils attending dental clinic	21
Number of home visits	73
Number of school visits	182

The P. T. A. sponsored the Dental Clinic again last April and twenty-one children were treated, each paying a small sum for each tooth treated. It was difficult to get transportation to Dr. Welch's office in Nashua, N. H. because of the war.

The P. T. A. also sponsored the soup project from Dec. 1, 1941 to March 1, 1942, the children paying .02 for each serving.

We haven't had much sickness in town this year, except the few cases of chicken pox at the Center School and last term the mumps were also confined to the Center School.

Respectfully submitted,

ANNA M. HORSKIN, R. N.
School Nurse.
